

**TRAINING FOR
YOUR FUTURE**

THE MOTIVATION CIVIL AND MINING ACADEMY ASSISTS YOUTH ATTENDING SCHOOL OR EQUIVALENT TO BE TRAINED AND TO UNDERSTAND THE SKILLS AND BEHAVIOURS TO GAIN AND RETAIN EMPLOYMENT IN THE CIVIL CONSTRUCTION AND MINING INDUSTRIES.

Successful Year 11 and Year 12 or equivalent students who join the two year program (Certificate II in Civil Construction) undertake a combination of structured, nationally recognised training and workplace operations experience one or two days per week.

The workplace operations training covers a wide range of activities from the basics of occupational health and safety, duty of care responsibilities, installation of underground services through to the operation of large mobile earthmoving plant. The program is conducted by qualified trainers from the RTO with support from group personnel.

Upon successful completion of the program, graduating students are invited to interview for permanent positions with multiple employers and other major players within the industry who provide positions for young trainees. The program has already drawn significant interest from many of the state's largest operating companies in the mining and resources sector. Over the last 13 years we have had a 92% employment rate of graduates within months of completion.

FACILITY & LOCATION

The Academy is located within the Motivation Training Centre at 52 Harrow Street, West Swan. The Academy also has access to train on a genuine work site with site office, crib room and site ablutions.

In addition, we complete many community based projects throughout the course enabling students through real world experience on projects they can be proud of.

The training site enables students to undertake practical projects using large mobile earthmoving equipment.

COURSE OUTLINE:
